PROFESSIONAL SUMMARY

B.Tech Information Technology student with hands-on experience in full stack web development. Skilled in Java, Spring Boot, REST APIs, MySQL, Angular, and React.js. Experienced in building real-world applications including healthcare and employee management systems. Strong understanding of backend development, database design, and frontend integration. Seeking an entry-level role as a Java or Full Stack Developer.

EDUCATION

Bachelor of Technology in Information Technology

St. Joseph College of Engineering, Sriperumbudur, Chennai

- October 2022 – March 2026
- CGPA: 8.95 (Till 6th Semester)

Higher Secondary Certificate (HSC)

GHSS Ayyangarkulam, Kanchipuram

- June 2021 – March 2022
- Percentage: 80%

Secondary School Leaving Certificate (SSLC)

GHSS Ayyangarkulam, Kanchipuram

- June 2019 – March 2020
- Percentage: 87%

INTERSHIP EXPERIENCE

Intern – Full Stack Development (June 2025 – July 2025)

Approtech R&D Solutions Pvt. Ltd., Tambaram

Intern – Frontend Development (React.js) (April 2025 – May 2025)

Take It Easy Study – Online

PROJECTS

Healthcare Appointment Booking System

Technologies: Java, Spring Boot, MySQL, HTML, CSS, JavaScript

- Developed a full stack healthcare appointment booking application using Spring Boot and MySQL.
- Implemented role-based access for patients, doctors, and admin users.
- Enabled patients to register, log in, and book appointments based on doctor specialization and availability.
- Designed doctor dashboard to view scheduled appointments with token-based appointment tracking.
- Built RESTful APIs for appointment management and database interaction.

Employee Management System

Technologies: Java, Spring Boot, REST APIs, Angular, MySQL/PostgreSQL

- Built a CRUD-based employee management system using Spring Boot and Angular.
- Developed REST APIs to create, update, delete, and retrieve employee data.
- Implemented layered architecture with entity, repository, service, and controller components.
- Integrated backend services with frontend for real-time employee data handling.
- Used relational database for persistent data storage and management.

CERTIFICATIONS

- Java Course Completion – CADPOINT Academy
- Full Stack Development Certification – Apollo Institution
- Coding Clash Participation – ACET Symposium
- Certification of Placement Training
